

Let to Buy – Simultaneous Purchase Process Guide

This guide includes:

- Guide purpose
- Supporting criteria
- Steps to follow

Purpose:

This guide is for customers who wish to Let to Buy (LTB) by remortgaging their current property with The Mortgage Works (TMW) and taking a residential purchase with Nationwide. As the customer will own two (or more) properties on completion, the Nationwide (NFI) application will be classified as a second property and will be eligible for porting, existing customer moving home or home purchase rates. For best practice please postpone submitting a NFI DIP until the TMW application has been processed.

Stage 1 – TMW – Let to Buy:

- Classified as a first time or experienced landlord applicant who is remortgaging their existing residential property as a Buy to Let
- There is no maximum age at application for experienced landlords applying for up to 65% LTV. For applications above 65% LTV and for all first time landlords, the maximum age at application is 70
- Maximum LTV 80%
- Maximum loan size £500,000 (unless otherwise stated)
- The applicant(s) must have owned their residential property for at least six months (with or without a mortgage) at the time of application
- The applicant must vacate the security address upon completion (new correspondence address should be provided)
- Further criteria applies; please refer to our [website](#) for more information.

TMW Online Processing Steps

- From TMW Online 'Home' create a new case. In the DIP screens select Remortgage as the loan purpose.

Stage 2 - New Residential Purchase NFI

Nationwide will consider lending for a new main residence where the applicant wishes to let their existing property rather than sell it. The affordability figure needs to cover all mortgages that will be outstanding at the time of completion.

Purchase applications for these clients should be keyed as a Second Property even if the property being purchased will be your client's main residence.

Where your client will own more than one property on completion of their new loan with Nationwide, the maximum LTV is 85%. For information about products please see our products, loan size and maximum LTV criteria.

NFI Online Processing Steps:

1. Create a Decision in Principle application via NFI online (this can be created at any time while the TMW application is being processed) and select the application type as 'New purchase'.
2. Select 'Yes' to 'Does the applicant currently hold a Nationwide mortgage?'.
3. On the Loan Requirements screen, select Yes to 'Will any applicant own any other mortgaged properties on completion of this mortgage?'
4. Once on Existing Mortgage Details screen, key:
 - Existing lender as The Mortgage Works
 - Existing account number as the Let to Buy application number (not the alpha numeric DIP reference)
 - The current outstanding mortgage balance, this will be the loan amount of the LTB application and
 - The full balance as continuing.
 - Confirm the property is let; a tenancy agreement is in place, the monthly mortgage repayment and the anticipated rental income.
