

Nationwide and The Mortgage Works

New Build Closed Site List

Details correct as of 05/03/2024

This list shows you which sites are closed to new Nationwide and The Mortgage Works lending, including office to residential conversions. To search for a development, click on the Find text tool in the toolbar (Ctrl + F).

Why is a site closed?

An Area Valuer will visit a site to assess a variety of factors including location, quality, ground rent and future saleability. They'll then set an exposure limit based on these factors.
